Continuation of 5. does NOT place the application in condition for allowance because: a) the 35 USC 103 rejection is maintained for reasons of record in the Office Action mailed 10/23/04; b) the declaration filed 6/3/04 is not persuasive for the reasons stated previously, since the instant declaration builds on the previously submitted declarations. The instant declaration is not commensurate in scope with the instant claims. For example, the instant claims recite an oil phase, wherein the oil can be anything. The instant declaration relies only on pentacyclomethicone as the oil. The instant claims do not exclude fluorohydrocarbons, as taught by Mellul. Additionally, the instant declarations are directed toward methods of using the composition, i.e., the freshness afforded, as a result of a breaking point, when the composition is applied to the skin with a given pressure, and the instant independent claims are directed toward compositions.
